Immediate effect

Dear Valued Customer,

As widely known among market, FMC have strict rules for tariffs registration and utilization.

Cargoes heading USA and Puerto Rico, with HS codes ruled by FMC must have a registration filled on it. HS codes not ruled by FMC are exempted from this registration.

Considering this duality, it's important to recall that the contract used must be correct, based on the actual commodity to be loaded. Will be banished from loading to USA and Puerto Rico, those companies that are not attending this request.
